## IMPORTANT INFORMATION FOR CHOOSING THE CORRECT SIZE:

### MENS AND LADIES WEAR - Tops (jerseys, jackets, vests, etc.)

To determine the correct size of the tops, follow the chest size. Your height is only secondary figure. If your size is in between the two sizes, choose bigger one.

### MENS AND LADIES WEAR - Tights, shorts

To determine the correct size of shorts, follow the hip size. Your height is only secondary figure. Most shorts and tights are made of highly elastic fabrics to fit closely. For larger sizes, the sizes required for shorts / tights are typically smaller than those required for tops.

### CHILDRENS WEAR

To determine the correct size of tops, follow the height of your child. If the chestline is larger than the size specified by the body height, choose the larger size based on the chestline.

To determine the correct size of pants follow the waistline. Most tights and shorts are made of highly elastic materials and cuts are designed to be close-fitting.

## ACCESSORIES

The size of arm warmers corresponds to the size of tops. The size of knee and leg warmers corresponds to the size of trousers.
